Pre publication price \$50.00 members \$60.00 non members
(please note the Association is not GST registered)

The Clan Cameron Association of New Zealand Incorporated announces the publication of a major history. Thousands of Camerons have found their home in New Zealand. Yet despite being about as far away from their original home in the highlands of Western Scotland the association has helped connect these migrants and their descendents with their Scottish heritage.

This book follows the history of the clan association in New Zealand, and the history of the branches in Auckland, Bay of Plenty, Canterbury, Gisborne, Manawatu, Wanganui, Wellington/ Wairarapa, and Otago. It covers the founding of the association in 1889 in Scotland, international gatherings of the clan and visits to New Zealand by clan chief Lochiel and his wife Lady Margaret, and the associations reformation in 1958.

It contains over 160 biographies of the people involved in the association and 114 illustrations. A significant New Zealand history. Expected publication date is March 2003

Pre publication offer payment before 31 January 2003
